

What's a smile like that worth? We'd say it's priceless.

As a global orphan relief agency, STOP International relies on the generosity of people like you. Please continue to help us.

... I have a comfortable and loving home, plenty of good food to eat, and the opportunity to go to school.

Who are we?

STOP (Save The Orphans Please) **International** is a registered charity which was formed for the specific purpose of relieving the poverty, sickness and distress of children orphaned as a result of war, famine or any other natural or man-made disaster anywhere in the world. It also aims to provide education and vocational training to these children, giving them the opportunity for better adult lives.

What have we done?

Although recently established (2001) STOP International has already accomplished so much. We have completed a number of major projects, benefitting more than 150 children. These include:

- establishment of BESSO Children's Home which houses more than 70 children.
- building of three classrooms and a play area for Prabudhas Charitable Trust.
- building a kitchen and dining room for the Captain Azariah Children's Home.
- establishment of the Anbu Ilam "Love Home" in Tamil Nadu, India.

What do we dream of next?

Our next big project is to build a Children's Village in India on eight acres of land, providing plenty of room for a school, community centre, farm, orchard, and workshops, all of which will generate funds for operational costs in the future, enabling the orphanage to be self-sufficient.

How can you help?

Our greatest need is for money to support our projects. We'd appreciate donations, large or small. These can be lump sum donations or monthly commitments. Personal donations by UK taxpayers can be made via Gift Aid, meaning that we can reclaim 28 pence for every £1 you give, stretching your donation even further.

Please consider making **STOP International** your personal charity. There are all kinds of opportunities to get involved. Please enquire about the possibility of volunteering to travel overseas to complete simple painting, plumbing and gardening work.

We make a **living** by what we get, but we make a **life** by what we give. ~Winston Churchill

Our aim as an organisation is to create similar Children's Villages in as many countries as we can. We want orphans everywhere to grow up with a sense of safety, in a loving and nurturing environment, with good educational opportunities, healthcare, toys and friends—all the trappings of a 'normal' childhood.

Thank you for your support and generosity.
